

ON THE RIGHT TRACK

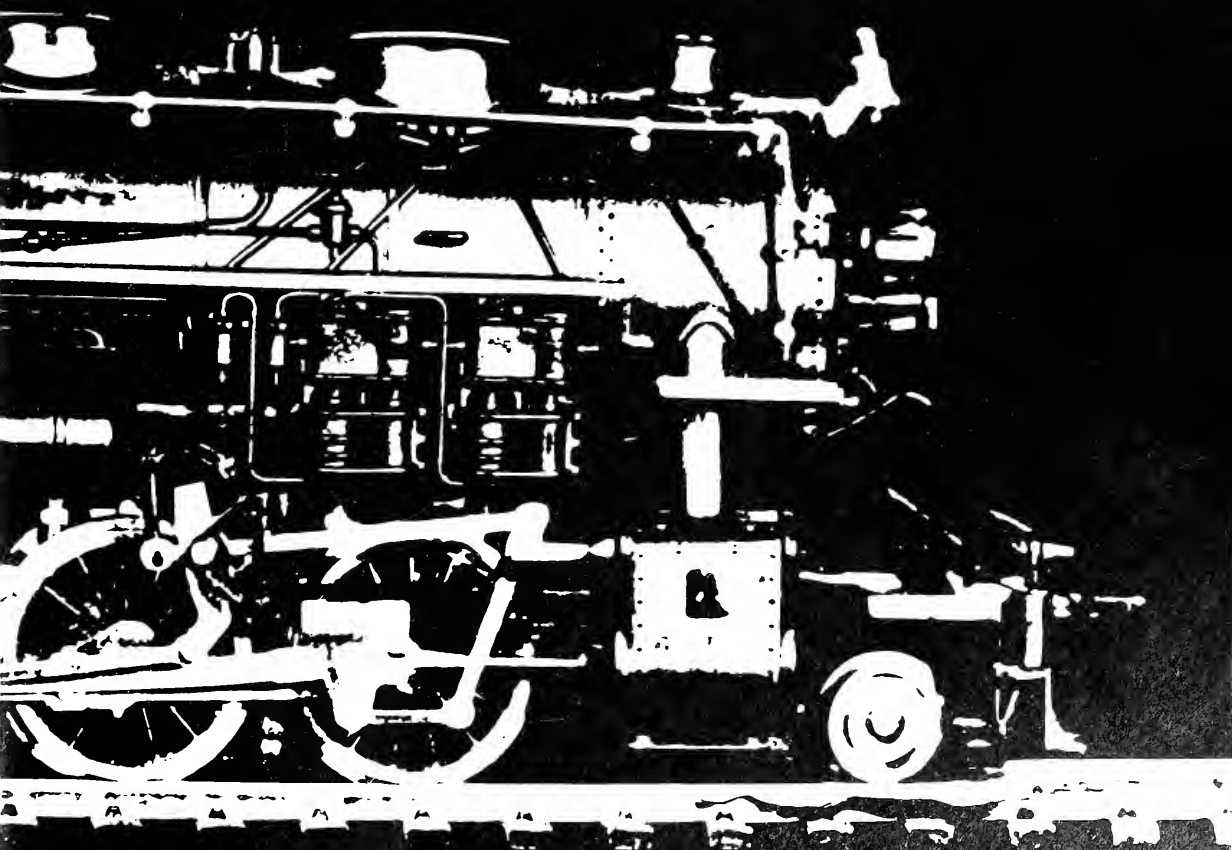

*Trains are used to transport such things as people and luggage to faraway destinations. This train will swiftly and symbolically take you through the year with each car carrying its own separate cargo of memorabilia. As we travel on this train we experience many new things, and as our goals are accomplished and our dreams are fulfilled, we know that we are finally "On the Right Track."*

# Sagging School Results In Severe Changes

The Anchorage School District announced late in the summer that double shifting would be necessary due to structural defects in the new junior high. Subsequently on August 31 Chugiak students awoke earlier than usual for the 6:30 a.m. opening of school. The new time caused, "Loss of sleep and an overload in students' work hours," said Mrs. Sally Callaway. Others were positive when addressing the issue. "I see no big problems but I believe it will take a full year to determine the full impact on students and community," stated Mr. Dick Kerbow.

August registration was "confusing" according to Mrs. Callaway, but Mr. Kerbow felt that the registration operated as usual. Poor arrangement of classes and too few counselors caused most registration problems.

The new schedule also resulted in several bussing complications. Many students found themselves left at their bus stops or arrived late for most of the first quarter, but after a few route changes and earlier pickup times the situation improved.

Other changes in the school didn't go unnoticed. New students were greeted by the skeleton of the future community auditorium. While students heralded the new building for Chugiak drama productions, they grumbled because of inconveniences caused by the renovation of the gym floor and bleachers.

# Assortment Of Costumes Boost School Spirit

School spirit soared during spirit week as students dressed up in an assortment of costumes. Monday started off the week with the theme of Nerd Day, Tuesday turned students Unconventional, Wednesday they rocked to their Favorite Music Day, Thursday they revelled in Foreign Culture Day and Friday closed the week with the Traditional Black and Blue Day.

"We need more school wide support of spirit week," stated Mrs. Una Kernodle, Co-sponsor of Pep Club, "but I felt it was a real good Homecoming week overall."

Traditionally Pep Club decided the themes but this year the meeting was opened to all students with theme ideas. The ideas were then voted on at another open meeting. "This went quite well except Nerd Day and Unconventional Day were almost the same, people were confused on how to dress," said Mrs. Kernodle.

The week's activities concluded with a pep assembly held outdoors. The assembly introduced the Homecoming Court and the Swimming, Diving, Football and Cross-Country running teams. The assembly ended with Coach Huffer's historical chant, "Who we gonna beat?" and the Juniors took home the spirit stick in the inter-class competition.

# Variety Of Activities Highlight Homecoming Fun

The 1983-1984 Homecoming halftime offered a great variety of performances. The Juniors won first place with their float *WHERE EAGLES DARE TO LAND*. The Freshmen placed second, Seniors third, and the Sophomores came in last.

The Homecoming Court consisted of Freshmen Princess Maria Riddle, Sophomore Princess Nikki Hinkle, Junior Princess Pam Piesik and Senior Princesses Deatra Scott, Holly Stafford and Ann McDonald. The Senior ex-corts were Rodney Jackson, Mike Dwyer, Lee Barber, Greg Ginsburg, Scott Bonner, and Gary Swanson. Senior Kerstie Hinkle was elected Homecoming queen by the student body. Senior Shane Hyson served as her ex-cort.

The 1983-84 Chapparral Dance-Drill Team danced to the music of "The Hustle" played by the Chugiak Marching Band. "The Drill Team did a great job performing with the band," said President, Senior Shonda Harris.

Under the direction of Mr. Hal Nonneman and Drum Major Berin Stephans, the Chugiak Marching Band entertained the crowd during halftime. "I was very proud of their accomplishments in such a short period of time. I felt the music was rousing and their alignment on the field was picturesque," stated Mr. Nonneman on the band's performance.

The Mustangs toppled the West High Eagles out of their nest with a 29-12 victory. "I was proud of the boys. I knew they had it in them," commented Coach Tom Huffer.

Sponsored by the Students-Faculty Congress, the Homecoming Dance was held the night after the game. "The dance was a great money maker, a lot of people helped out. Maria Wienhold and her committee really helped pull it together," said S.F.C. President Greg Ginsburg.

"Homecoming went very well in my opinion," stated Activities' principal Mr. Guy Fisher. "There was a lot of work done by a lot of people to make it happen."

# School Improvements Main Concern Of SFC

Through the leadership of the executive committee consisting of President Greg Ginsburg, Activities Vice-President Maria Wienhold, Vice-President of Representatives Patti Nafis, Communications Vice-President Todd Robinson and Secretary Treasurer Hahna Shepherd, the Chugiak Student-Faculty Congress started their year by sponsoring the Homecoming Dance.

Each homeroom elected a representative and an alternate. In addition, each class officer became an S.F.C. member. As a requirement each member had to join an S.F.C. standing committee such as Activities, Cafeteria Food or School Improvements. These committees were open to any interested student.

For the second year a S.F.C. Projects Class was offered to all interested students. According to S.F.C. sponsor Mr. Andy Kirk the class, "Tried to do all the legwork that takes time, like posters, bulletin boards and paintings."

School Improvements and reviewing the constitution were the main concerns of S.F.C. "A new constitution should be an improvement, it will represent S.F.C. as it is now-not 10 years ago," said Mr. Kirk. The major school improvements included finishing the cafeteria silhouette paintings, painting the Mustang Main Street and deciding where to relocate the Chugiak Mustang Sign.

"S.F.C. has just begun to scratch the surface of what can be done. Mr. Kuhlman and Mr. Fisher empathize because of their past experience with student governments. That really helps us out," stated Mr. Kirk.

## OCTOBER OUTRAGE

At the bewitching hour of 7:30 on October 27, gangsters, ghosts, and goblins lined up outside the senior high cafeteria to attend the annual October Outrage dance. Upon entering, dancers were greeted by the music of SMK Productions, with disc jockey, Scott Koeler. Dance-goers were accompanied on the dance floor by junior George Ryneer in his prize-winning dancing robot costume.

Earlier in the week students' Halloween costumes were judged by Mr. Guy Fisher.

This year's dance was sponsored by the N.J.R.O.T.C. who put alot of effort into decorations and arranging for the disc jockey. The proceeds went toward the N.J.R.O.T.C. activities.

## SADIE HAWKINS

On Nov. 17 Hillbillies from all round gathered in Dog Patch, actually a scene recreated in the senior high cafeteria, for the annual Sadie Hawkins Day dance. Guys and gals stomped out on the dance floor to the sounds of SMK Productions. And when all "tuckered out", the gals could take their favorite guys to tie the knot in "HoleyMoley Matrimony". Marryn' Sam was out to make a "mill" for the Drill Team with his Marriage Booth.

The Chaparral Drill Team, who sponsored the dance, spent many hours on decorating the cafeteria. The approximate \$1000 profit from the dance went towards travel expenses to compete with Drill Teams in South-East Alaska.

# Dinner Theatre Plays New Role In Drama

September 20, 1983 was an exciting but frightening experience for the actors and actresses of Chugiak High School. Auditions were held for the fall play entitled *Atlantic City*. The show was to be the first dinner theatre to be performed outside the school. The students auditioning memorized a short comic piece and did a reading from the script.

After casting the play, directress Gay Monteverde began the long process of rehearsing and set construction. The cast rehearsed five hours a day, three days a week when rehearsals began; and five hours a day and four days a week when opening day grew near.

Stage Manager Melanie Hiatt and her assistant Joclyn Alden worked with Paul Sturgeon on lighting, Sherry Hingt on organized props and Casey LeDoux helped acquire the set. These areas were especially challenging and educational for none of the students had ever been involved in a dinner theatre before. However, according to Melanie Hiatt, "All crew workers did an excellent job and deserve a lot of credit for the final effect of the show."

The play was presented on November 4, 5, 11, and 12th with three of the four shows selling out.

The early 1900's costumes and furniture proved challenging but, with help from the Anchorage Repertory Theatre on costumes and Ms. Robin Hill lending the antique furnishings needed, the show was as authentic as possible.

"I'm glad we did *Atlantic City*. It was a new type of theatre (dinner theatre) and therefore, a truly valuable experience," concluded Ms. Monteverde.

# Clubs Provide School And Community Aid

## Hub Club

The Hub Club is a social service club that does a variety of projects such as penpals, sponsoring lunchtime guest speakers, the annual current events quiz, the time capsule, and the Wacko Decathlon, "Probably the most successful project," said sponsor Mr. Andy Kirk.

The club also sponsors two overseas students; one in Brazil and one in Kenya. To raise money to sponsor these children the club puts on the 40 hour famine where Chugiak students get pledges, fast, and then collect the money.

"Hub Club is a loose club, at least as far as membership is concerned. Anyone may join and participate anytime they please," said Mr. Kirk.

## Close-Up

Close-Up participants were drawn by lottery in late December to travel to Washington D.C. April 1-7 to participate in a hands-on experience in United States Government. A change in the number of students allowed to participate from this district was put into effect and six students were selected if they could pay 30%, about \$399, and one other was funded 100% based on need and foundation criteria.

## Honor Society

"Honor Society recognizes those students who have accumulated a 3.5 or above and have scholarship, citizenship, service, leadership and character. It gives them an opportunity to serve the school and community," stated sponsor Mrs. Virginia Smith.

Honor Society started off the year by working at registration and continued their services by ushering at back-to-school night, and sponsoring the can food drive and graduation reception.

Their main moneymaking venture was selling pens and pencils, "Our motive wasn't to make money but to keep us solvent. Any extra money was put in the scholarship fund," said Mrs. Smith.

According to Mrs. Smith not enough attention has been given to "these outstanding students, there's still more given to athletic prowess."

# Soccer Club Strives To Improve Technique

*In its second year, Soccer Club was open to all students, whether they were experienced or inexperienced. The goal of the club was to sharpen the skills of active players and introduce the sport to less knowledgeable players. Soccer Club, strictly an intra-school sport, encouraged participation from both boys and girls. Thirty members participated in Soccer Club this year with President Dennis Wheeler; V. President Alan Cowart; Treasurer Jon Deitrich; and Secretary Dan Feder.*

# School Involvement: NACC's Primary Goal

Interacting with other school native clubs, the NACC (Native American Culture Club) of Chugiak participated in activities such as basketball, dances, and conventions. The purpose of the club was to promote the cultural and traditional heritage of the Native American student. This was done through participation in social, cultural, and recreational activities. Getting the students involved in school events and being supportive of each other were the main goals of the NACC. Their one money raiser was a bake sale held at the Native Youth Olympic preliminaries with their biggest sell being fried-bread. Already in their second year, the NACC consisted of 11 members including Verna Jenkins President, Winona LaTocha Vice President, and Lena Howerton Secretary/Treasurer. Sponsor Margaret LaTocha commented, "I enjoyed working with the students in Native Club. I saw a lot of potential in the students involved."

# Century Club Cyclers Cycle Six Centuries

## Photo Club

Promoting interest in photography as an art, pastime, and as a profession were the main goals of the 1984 Photo Club. Raising money included taking individual, group and team portraits, and then using the profits to buy new darkroom equipment. Varied subjects were captured, printed, and displayed throughout the school by club members. Unfortunately, none of them were entered into any art shows due to the hectic schedule of double-shifting. Nineteen members participated in Photo Club with President Scott Seitz, V. President Steve Dunn, Secretary Amber Brown and Treasurer Terry Kadel. In summarizing the year, Photo Club advisor Mr. Tom Cresap stated, "This has been a busy year for the club, and we are looking forward to the same next year."

## Century Club

Throughout the season, Century Club planned and pedalled a total of four cycling trips along with two overnights, and covered well over 600 miles. These trips included traveling 62 miles to Old Knik Picnic Grounds, 100 miles to Bird Creek, an overnight at Nancy Lake, and their final end of the year trip from Valdez to Chugiak which took them 6 days to complete.

Being a member required just wanting to ride a bike. Officers were chosen for the most number of miles they have done. Century Club president was Matt Guenther with 2,132 miles to his record. To complete a Century, a member had to finish 100 miles in 12 hrs. Double and Triple Centuries were to be finished in a minimum of 24 hrs.

Century Club wasn't much too concerned with making money. Their main interest was to just have fun. However, each member was required to pay four dollar fee due every year. "If you want to bicycle and camp out, then Century Club is for you!" stated Coach/Sponsor Andy Kirk.

# Enthusiastic Groups Spark Mustang Spirit

## Pep Club

Promoting school events, helping with assemblies, decorating lockers, and just helping out with school events were some of the duties performed by Pep Club; the main objective being to raise school spirit. Pep Club continued to sponsor Chugiak mascot Maurice the Mustang (alias Brenda Bonfoey) as one way to achieve this purpose. Officers this year were President Kim Hansen; V. President Lisa Dennison; Secretary Sherri Hart; and Treasurer Tara Shapiro. With only 11 members, sponsor Mrs. Una Kernodle was pleased with the group saying, "I think they are a great bunch of girls. They have lots of school pride, and work to promote that in others."

## Mat Maids

With a large group of 32 members, the 1984 Mat Maids kept busy this wrestling season by decorating lockers, making support signs, and working concessions. At the matches they took score, ran the clock, and formed a cheering section for the wrestlers. Money raisers included selling flowers, shirts, donuts, hand-made creations, and collecting aluminum cans; the purpose being to supply the wrestlers with equipment or travel funds. To become a Mat Maid, each girl was required to study wrestling terms and learn how to score. Lettering was determined by passing a test on terms, scoring, and maintaining a set number of points based on attendance at meetings and matches.

Varsity officers were President Carrie Schoonmaker; V. President of Activities Lucinda Church; V. President of Attendance Jil Freitag; Secretary Suki Whitmore; and Treasurer Kim Heidemann. The Mat Maids sponsor, Dixie Armstrong, was overall quite pleased with the group.

# Clubs Work Hard To Promote Personal Best

## HOCKEY BOOSTER CLUB

About seven to ten girls worked to buy new jerseys and equipment for the hockey team by raising money and promoting spirit. Claiming \$1700.00 dollars from the previous year, the girls worked the Mustang Market during basketball season to make additional funds. As part of promoting spirit, the Hockey Club had secret pals and also decorated lockers on the days of home hockey games. Sponsor coach Brauneis along with Laura McCubbin, Lonnie Wood, Sally Fruit and Pam Piesik the club officers, worked to provide leadership for the club.

## DRAMA/DEBATE/FORENSICS

The Chugiak D/D/F team, under the direction of Ms. Monteverde and Mrs. Hoyt, won 5 out of 6 meets, losing only to West. They made a strong showing at the State Tournament in Fairbanks. The 15 member team included: Melanie Hiatt, Wendy Cope, Allen Bagwell, Allan Davenport, Andy Brown, Sharry Hingst, Silke Tobey, Michelle Booher, Diana Gross, Greg Kimura, Scott Seitz, Kenny Rouke, Joel Roberts, Richard Davis and Hahna Shepherd. At State, Micelle Booher received a 2nd place in Solo Acting; Wendy Cope and Greg Kimura were disqualified. The results of an appeal are not yet available. If Chugiak takes State it will be the 3rd time in 4 years. Ms. Monteverde stated "The D/D/F team were consistent winners all year. They stretched themselves, their talents matured. But even more importantly, they grew to be a strong, unified team, each team member realized the value of each other."

## *Epicurean Delights*

*Epicurean Delights provides students with the experience of preparing appealing foods to sell to the public. As part of the Foods III class, students cater such events as Prom and Teachers' Luncheons. The Major project of the class was accumulating recipes to be printed in a cook-book.*

*"Never having enough time to accomplish all of our goals was the only problem," stated Mrs. Kernodle, club sponsor. She continued that it was very worthwhile because, "The class is always filled with good students, good ideas and good experiences. It gives the students an opportunity to work on their own and to try out new ideas and recipes."*

## *Thespian Club*

*The International Thespian Society is alive and active in Chugiak High School. The Thespian Club sponsored by Ms. Gay Monteverde held inductions to the club February 15th. During a three day period, inductees followed a regimen to become official members. On the first day inductees wore blue and gold- the official colors of the Thespian Society, and sported buttons with the logo "Act well your part." The second day hopeful members dressed as famous child characters. Paul Sutton was Alfalfa from Little Rascals' fame, Tara Shapiro dressed as Little Orphan Annie, Richard Davis came as Sweet Pea (Popeye's adopted son) and Allen Davenport became Peter Pan for the day. The third day the Induction Ceremony was held and the pledges dressed up.*

# International Dinner Serves Many Delicacies

The Fifth Annual International Dinner was held on Wednesday, December 14, 1983 in Chugiak High School's cafeteria. Students from the French, Spanish, and German classes helped plan, prepare, and organize entertainment, food, and decorations. The performances included songs and plays performed in each of the foreign languages. Sponsors Susan Heitkamp and Florence Pearson stated that about five-hundred people came to the very successful dinner. Tickets were sold for five dollars and seven dollars which was "a really good deal considering this was our fifth year and our prices haven't changed considerably," said Mrs. Pearson. A door prize was held from prizes donated by local business.

The menu consisted of carefully chosen delicacies from each country. Proceeds from the dinner provided scholarship money for a senior who had been in a foreign language for two years, and was worthy. "The dinner was a financial success and we will be able to offer scholarship this year. In addition it was a great success in terms of student involvement. Everyone worked hard and had a good time in the process. I consider this most important," said Ms. Heitkamp.

# Footloose Fanatics Frantically Fraternize

## CHRISTMAS DANCE

The 1983-84 Christmas Dance was held on December 10th, and was sponsored jointly by the NJROTC and the Hub Club. Red and green decorations were furnished by them. Hub Club's sponsor Andy Kirk said, "The kids really had a good time, they were well behaved." No complaints were registered, except for the usual-the cafeteria was hot and poorly ventilated. The two groups co-operated, sharing the responsibilities to their mutual satisfaction.

## CLASH DANCE

The February 25th Clash Dance was sponsored by the Junior Class on a cold night complicated by icy roads. The attendance was reasonable under the circumstances. Many considered the 8 to 11 dance the most successful of the year. Most attributed the good time to a balanced combination of music featuring the 50's and the 80's. The DJ blended the musical selections to keep everybody happy. 50's attire for the dance included swinging skirts, bobby socks, and pony tails. While those dressed in the 80's gear wore pedal pushers and shirts cut off at the shoulder, with new wave hair fashions.

# Spirit Is Provoked Through Pep Assemblies

## PEP ASSEMBLIES

Pep assemblies were held this year to support different teams and to promote spirit for upcoming games. September 16th we rallied to support our football team and Coach Huffer lead his famous "Who we gonna beat?" chant. The November 1st and 2nd slide assembly, set to music, gave the student body some idea of the pictures they could expect to see in the 1983-84 yearbook. The February 15th assembly presented our volleyball, wrestling and ski teams.

## SPRING DANCE

The Spring Break-Through Dance was held on March 24th. The inanimate decorations were exceptional. Flowers complete with bumble bees were made from crepe paper. The animate decorations included some frivolities provided by members of the wrestling team. The D.J. electrified the audience with the latest rock tunes.

# Drill Team Earns Recognition And Prestige

In its second year the Chaparral Dance Drill Team brought Chugiak High School much prestige and recognition. In addition to performing for home football and basketball games, the girls also performed a pregame show for the Seattle Super Sonics v.s. Portland Trailblazers game, the Great Alaska Shootout, the Northern Lights Tournament, and were featured in a National Drill Team catalog.

Tryouts were held early last spring. To be a Chaparral girls must have: high moral character, good citizenship and academic standing, discipline, dedication, be physically fit, co-ordinated, good showmanship, and personality.

The drill team did not compete districtwide due to the lack of funds and teams in the area. "The girls hope to compete at the State Championships in Sitka," said Mrs. Souter, the Chaparral sponsor.

"They have added positively to our school. They are in the front of instituting this Anchorage School District Program. They work hard to get the quality they have," stated Activities Principal Mr. Guy Fisher.

This year's officers were President Shonda Harris, Vice President Janie Fullmer, Secretary Kai Ellen Morris, and Social Director Tami Bayer.

# Cheerleaders Voice Class And Charisma

Our school was represented by the very best cheerleading squads in Chugiak High School's history. "It was a great season, I really enjoyed myself," stated Kristie Meszaros. Twenty-one of the most dedicated, energetic, disciplined girls were chosen to lead Chugiak High School in spirit and pride.

Difficult schedules, too many games a week, late hours, and long practices were a few drawbacks the cheerleaders overcame during specific seasons. In spite of the problems, the cheerleaders showed style and class as they led pep assemblies and rallied at various sporting functions. "I really feel proud to be part of the 1983-1984 cheerleading squad," Tina Kostlin stated.

To be a cheerleader is not an easy task, there are requirements each girl must fulfill. She must be dedicated, willing to participate everyday at practice, and follow the set rules Mr. Fisher has assigned. Mrs. Pearson summed up cheerleading when she said, "Cheerleaders are to provide spirit and support the team, they are representatives of the school."

# Players Endure, Perform "Par Excellence"

Overcoming what seemed to be never ending obstacles and complications during rehearsals and set construction, the Chugiak Drama Department persevered and performed "par excellence" Kaufman and Hart's "You Can't Take It With You."

The play opened the night of the new auditorium's dedication ceremony and followed speeches by several prestigious community and government members. Ms. Gay Monteverde and the other members of the Auditorium Concerns Committee were given a plaque for their outstanding efforts.

The play's plot moralized on the virtues of tolerance for individual differences. A care free family lovingly guides a rich, unenlightened couple to new heights of understanding. The cast rehearsed six weeks from 12:30 to 6:30 pm. and performed on May 3, 4, and 5. The crew, which consisted of Dwyn Armstrong, stage manager; Lisa Dennison, head of set crew; Paul Sturgeon, lighting technician; Sharry Hingst, costume mistress; Lona Fowler, properties manager; Shaun Baker, sound technician. Many other cast and noncast students did a "superb job and overcame the new and complicated technical elements of the auditorium," according to Director Gay Monteverde.

Ms. Monteverde concluded with, "The completion of the new theatre is a dream come true for the performing arts students at Chugiak High School."

# Entire School Completely, Absolutely Wacko

80 students worked on judging, scoring, and the equipment for the 7th annual Wacko Decathlon, held on March 27th. It was "the most cooperative ever" according to Hub Club sponsor Mr. Andy Kirk.

The Hub Club organized the Wacko Decathlon, with Andy Kirk and Terry Jorgenson assisting. Together they brought back the traditional Obstacle Race, Class Pyramids, Knox Blox Eating, Piggy-back Race, Raw-egg Throw, and the Graveyard Race. The four new events were the Balloon Relay, Spider-board Race, Airplane Contest, and the 3-Legged Race. This year the Tug-of-war was not included in the Wacko but the points were added to the interclass scores. The scoring ranged from 10 pts for first place, 7 pts for second place, 5 pts for third place, 3 pts for fourth place, and 1 pt for last place, with ribbons for the winning team and the judges.

All the class teams plus the faculty participated in the Wacko. Under the leadership of Chris Canterbury, the Junior class took first place with 74 pts. Second place went to the Seniors with 59 pts and Karen Rasmusson captaining the team. 48 pts gave the Freshmen third place with John Lewis as captain. Kevin Patton captained the fourth place Sophomores with 46 pts, and Una Kernodle's Faculty team had 33 pts and placed fifth, winning the all new Leadfoot Award. Hub Club sponsor Mr. Andy Kirk stated, "This year's Wacko was the best and most fun yet!"

# Juniors Sponsor "An Evening In Paris"

After months of hard work and decisions, the junior class sponsored the prestigious event, "An Evening in Paris". At 8:00 p.m. on May 12, 1984, prom-goers were greeted, at the Anchorage Westward Hilton Ballroom, by parisian clad Sophomore Attendants; Kevin Patton, Greg Tarbox, Hahna Shephard, Wendell Bruckner, Jamie Pierce, Quinton Burough, Tammy Evers, Marci Nutgrass, Jennifer Rees, Julie Yeargan, Jonna Neville, and Tina Robins.

Concluding the casting of ballots, Prom royalty was announced. Senior Queen Kersti Hinkle, King Lee Barber, Junior Princess Pam Piessig, and Prince Dale Donadio danced to theme song "Time Will Reveal" (as voted by Jr/Sr Theme Committee.)

# Administration Betters Rapport With Pupils

The administration at Chugiak High School set many goals for the 1983-84 school year.

Mr. Bill Kuhlman, Principal at CHS, strove for better communication with students and teachers. He worked to make education interesting as well as challenging.

Activities Principal, Mr. Guy Fisher, described his goals as "Keeping the activities office functioning at an acceptable level while dealing with the double-shifting."

Curriculum Principal, Mr. George Penrose transferred from the junior high to the senior school. He hoped to develop and establish the best possible program while helping students reach their scholastic objectives.

"With shorter passing periods there are fewer problems in the halls and less fighting because people have to rush to class," stated Mrs. Kathy Carmody as she described some good points about double-shifting.

As Mr. Rob Boyer trained to become a high school administrator, he gained a lot of experience in different areas. He enjoyed convincing students to be in class more often. Mr. Boyer helped with attendance and discipline for the first semester. Second semester he helped run testing and trained in budget work.

Though the administration worked under difficult circumstances, they all agreed that Chugiak High had a friendly, co-operative, and spirited atmosphere.

ABOVE: Pouring through class roster sheets, Mr. Penrose confirms the addition of new students. RIGHT: Laughing at the wild excuses she receives from guilty students, Kathy Carmody plans out in her mind the appropriate punishment.

# Potpourri Of Services Provided By Staffs

The counselors and nurses provided many services to the students at Chugiak High School during the 1983-84 year.

The nurse, Mrs. Irene Bowman, and her assistant, Mrs. Lynn Kromer, treated approximately fifty students a day for minor cuts, headaches, and other injuries and illnesses.

Mrs. Bowman also made services available to students needing health counseling and called parents if immunization records fell behind.

Different kinds of services were provided by the counselors. These services included help in career planning, support for students with individual classroom problems, and assistance for college-bound students.

The counselors, Mrs. Sally Callaway, Mr. Dick Kerbow and Mr. Tom Huffer, attempted to meet with every student at their particular grade level. Mr. Ken Rouse, who co-ordinates the work experience program, assisted students in getting credit for employment.

No problems were brought about by double shifting in the counseling dept. "The counselors have always been separate so the actual splitting of schools made very little difference," stated Mrs. Callaway, junior class counselor.

"The kids at Chugiak are great. Following their progress from year to year is very rewarding," concluded Mr. Tom Huffer, freshman class counselor.

# Secretarial Staff Assists In Various Ways

The CHS secretarial staff were found throughout the building from the activities counter to the attendance office. Their duties included everything from ordering specimens for the biology classes to punching attendance details into the new scantron machine. Giving students admits and early dismissals added to their tasks.

Mrs. Kathy Morris operated the new computer in Mr. Boyer's office. "The attendance computer handled the attendance records at least 75% more accurately than the old system," she noted.

In charge of the clerical assignments was Mrs. Jan Stewart. Her responsibilities included handling the leave of teachers, obtaining substitutes, assisting the principals, and managing the main office.

Four new secretaries were added to the staff this year. Mrs. Linda Pomeroy controlled the stockroom; Mrs. Joan Woolsey and Mrs. Kathy Morris manned the attendance office; and Mrs. Stella Mascott worked as the secretary for the school counselors during the year.

# Cooks And Janitors Cope With Double Shift

The service staff at Chugiak High School met with changes and challenges due to population increase which resulted in double shifting.

"Our job was quite a bit harder this year," said Senior Building Plant Operator Vonnie Voyles. "The double shifting put a lot of extra wear on the building."

The double shifting put a heavier load on all of the custodial crew at Chugiak. Other members of Vonnie's crew were Louise Voyles, Andrew Hollingsworth, Earl Lewis, Richard Kozinski, Frank Cavender, and Micheal Benedict. Vonnie and his custodial crew worked throughout the year maintaining the building, performing minor repair jobs around the school, opening the school in the morning, and working for student safety.

"The double shifting had little effect on the cooks," explained Head Cook Marie Rosenberg, "We had to come to work earlier than last year, but otherwise the schedule was the same. Our job was actually easier than last year because the student body ordered less of certain items."

Marie Rosenberg managed the kitchen staff during the year, ordering supplies, cleaning the kitchen, assisting the other cooks, and keeping the lively student lunch lines moving quickly and smoothly. Other members of her crew were Christa Plunk, Eleanor Schmidt, Anna Rupp, Dorothy Liska, and Suzan Jolly.

# Keeping Chugiak Organized And Safeguarded

*The librarians and security guards labored to keep the school enjoyable and safe for all the students at Chugiak High School.*

*Mr. Steve Novelli and Mr. Mike Shultz patrolled the halls, collected attendance, and did their best to keep fighting and drugs off the school grounds. Mrs. Vera Bergman, the other security guard, took charge of the detention program and all the associated paperwork. The security guards workload increased because of the new computerized attendance system, but Mrs. Bergman stated, "It's a good system."*

*The librarians, Mrs. Austin and Mrs. Doreen Jenkins stated that their goals for the future included getting a new wing added to the library with a film viewing room for teachers and students. This would solve the problem of sending projectors, televisions, and video recorders to the classrooms and their subsequent late return with all the ensuing problems. Mrs. Austin further envisioned a computer room and more magazines on microfiche.*

*Although Mrs. Austin stated, "There are too many people using too small a space," she went on to say, "I couldn't have asked for a better group of students. They were quiet and cooperative in the library."*

# English Department Emphasizes The Basics

Writing, usage, and spelling were the main emphasize of the English Department. Usage and spelling errors comprised the lowest scores on the I.T.B.S. tests at Chugiak High School. Writing projects have been emphasized for many years in order to teach students fluency and competency.

Four of Chugiak's English teachers participated in evaluating and changing course descriptions in the Program of Studies booklet. Earlier descriptions had been vague and inaccurate, misleading many students.

In front of each class description in the Program of Studies is a phase level number. These numbers go from one, low level classes, to four, advanced courses. "Students need to become more aware of these digits and take them into consideration before signing up for certain classes," stated 9-1 and A.P. English teacher, Gay Monteverde.

Although the number of students is increasing at a fast rate, Virginia Smith, English Department Chairperson said, "All the English teachers work hard to retain good inter-departmental communication."

Ms. Monteverde concluded her thoughts with a favorite quote from Sting, "The pursuit of knowledge is what alleviates the pain of being human."

# New Additions Enriched English Department

The English Department continues to be a blend of the old and the new. Mrs. Jody Smith, a graduate of Washington State University, recently transferred from Dimond High School and joined the Chugiak High School staff as a ninth grade English teacher. She stated, "I feel the writers in my classes are the most creative and original students I've ever come across. They learn very quickly."

The English Department also added an advanced grammar and vocabulary class to their curriculum. The class involved only Juniors and Seniors and was an aid in polishing their grammar and vocabulary skills. "It's a positive addition and complements the student," said Mrs. Owen.

When asked, Mr. Sirofchuck and Mrs. Jody Smith said that Chugiak students excelled in higher level English classes and school-wide writing ability skills. Mr. Sirofchuck added that he enjoyed the positive response to reading and the progress made in these classes.

In summary, Mrs. Owen chided that she "hoped" the students would delete the word "hopefully" from their vocabulary.

# Social Studies Stimulates Student Involvement

The Social Studies teachers at Chugiak High School worked to promote social interaction between the students of their classes. Social Studies Department Chairman, Mr. Andy Kirk, explained, "Social studies are important because they teach the students to cope with the problems of the world they live in."

"Students reacted well to the elective social studies classes at Chugiak," Mr. Kirk said. "When we teach an area of concern that students are interested in, they respond well and begin to interact." The two most popular classes were Psychology and Criminology. One new class, Alaska Studies, was added to the list of electives in 1983.

"The required social studies courses at Chugiak were not as popular as the electives," commented Mr. Kirk. United States Government Teacher, Terry Jorgensen, believed that these required classes were important, however. He added, "The students need to gain an understanding of our society so that they can decide what they believe, and act as functioning individuals in our world."

The diversity and large number of social studies classes offered, provided for a wide area of student interest; the required classes helped the students begin to decide on their values. The Social Studies teachers endeavored to help students learn about the world they live in.

# Social Studies Encourages Student Success

*The social studies teachers strived during the year to give the students a sense of success within themselves. They used discussions, simulations, guest speakers, and lectures to provide positive results and stimulate learning.*

*"I think the students react in a positive manner and like their teachers," commented social studies teacher, Mr. Steve Cline. Mr. Cline taught classes in Economics, American History, U.S. Government, and International Relations. "I think the students need to take social studies classes," commented Mr. Bill O'Thuse. "They teach the students to be informed and give them a desire to learn." Mr. O'Thuse taught classes in U.S. Government, Law Studies, and Comparative Government and Economic Systems.*

*"It is important that the students leave the school with a feeling of success about themselves," concluded Mr. Cline. The work of the teachers and the students helped achieve the goal of having students be more effective and successful in life.*

# Students Reflect Good Mathematical Attitude

"Students' attitude about math has changed through the years for the better, because the relevance of future employment is more prevalent," stated Mr. Dennis Johnson. Instead of taking the needed two credits for graduation, students are enrolling in more advanced math courses.

If a student needed help, he or she could have participated in the math department's tutoring program, held on Tuesdays and Thursdays.

The math department hoped to get more problem solving into math classes through means such as games and logic puzzles. They also worked very hard keeping identical courses similar in content while allowing for varying teacher's styles. "I would like to start a math club which would do things like math tutoring and investigation into math related subjects like engineering," stated Mrs. Kathy Maloney, Math Department Chairperson. Future goals include smaller remedial courses allowing for more individual attention from the teacher and to make Algebra I a requirement for graduation at CHS.

Ms. Marsha Holbrook, a recent UAA graduate, and newest faculty member started her teaching career at CHS.

# Changes Enhance The Science Department

With the addition of a new chemistry/physics lab, two new teachers, and a new general science class for freshmen and sophomores, the Science Department has been made more efficient, attractive, and beneficial.

Mr. David Morse, a recent graduate of Oral Roberts University, became part of the science staff as the new chemistry teacher. He stated, "The classes I have include good, hard-working, college-bound students."

Mr. Ronald Metzner, a teacher that transferred from Bartlett High School to Chugiak High School, taught the new general science course. His schedule also included Biology I.

Students demonstrated more interest in the advanced science courses. More chemistry and physics courses were necessary to accommodate these students.

Make-up tests and make-up labs were made virtually impossible because of double shifting. "The kids handled the new situation very well, however, they are the best kids in the district," stated Mr. Leonard Oakley, Science Department Chairman.

The department worked to obtain lab equipment and supplies in order to modernize the chemistry/physics classes. They also attempted to get all the new and old equipment into the new stockroom in an orderly fashion.

"We want to become familiar with the students and their goals and to develop a more comprehensive science program. We have a good start," concluded Mr. Morse.

# Double Staffs And Overcrowding Eliminated

Although the split from the junior high school caused Work Study materials to be cut in half, the overcrowding and problems with double staffs were eliminated.

The program involved resources in language arts, social studies, math, and science for students having a learning disability and problems with academic studies. Because of a strict definition in the process of admitting students, only those with average or above average intelligence are put into the program.

A student who had difficulty in a subject, or was having to work too hard for their B's and C's, was recommended by teachers or counselors. They were then tested to determine whether they had a learning disability.

Ninety students were involved in the Work Study Program at Chugiak. These students were assisted with scheduling and their parents were kept informed of their student's progress.

Mr. Sampson, Head of the Work Study Program, stated that "The department goals included streamlining the paperwork, and continuing the development of the curriculum."

# "Practical" Electives In Demand With Students

Interest surveys were offered to Chugiak High School students at the beginning of each semester. The surveys determined the popularity of individual elective choices.

Foods, pottery, typing, and choir happened to be selected most often according to Mrs. Una Kernodle, Department Chairperson for the elective classes.

"We tried to offer the kids a well-balanced curriculum, but it was difficult due to the loss of some key teachers," said Mrs. Kernodle.

The program saw an increase of students taking more of the practical electives. Photography, home economics, mechanics, and foreign languages were examples of classes that provided practical skills for the future. The foreign languages offered were French, Spanish, and German. A great number of students who took a language probably realized that more college entrance requirements included two years of a language.

Unfortunately, those who looked for a variety in class selection found little to choose from because of limited class space, time, and available teachers.

"Electives gave students a chance to explore new and creative outlets," concluded Mrs. Kernodle.

# Declamation Contestants Show Excellence

The Electives Department at Chugiak High School acquired several new pieces of equipment. The most useful additions in the business area were two Apple II computers, an electric cash register, two word processors, and several correcting typewriters. Equipment changed in the photo classes as well.

Raising money by offering sports and activities team and individual pictures, Photo Club built a new color dark room which was used by Photo II students.

Inserted into the curriculum as a trial elective, guitar was a popular course. It gave students with little experience an opportunity to expand their musical technique.

No one found them singing, and not particularly conspicuous, office aides served as "go-fors" for the administration. They answered phones, picked up attendance, and wrote admits.

Teachers in the foreign language electives were especially proud of the Alaska State Declamation Foreign Language contest winners. Sandy Pogany in French I and Dwyn Armstrong in French IV placed with top honors. Spanish IV participants Emil Teague and Rick Goodwin took second and third finishes. In the German I category Mike Pauley grabbed second. On a rotational basis students look forward to a different selection of electives next year.

# Physical Education Invigorates Student Body

The physical education teachers at Chugiak worked throughout the year to instill a sense of physical and mental well-being in the students. "P.E. classes provided the students with a chance to recreate and get out of the traditional classroom setting" said Coach Rollman.

One of the more popular P.E. courses was gymnastics, which was taught by Coach Steve Primis. "I hope to get boys' gymnastics introduced into the interscholastic competition next year," commented Coach Primis.

Weight Training was the most actively sought class among the students during the year. Weight Training classes were taught by Coach Harry McDonald and Coach Steve Primis. "Weight Training appealed to a lot of the students because they could enter the class on any level of ability, enjoy the class, and improve," Coach Primis said.

"P.E. classes provided the students with a rare opportunity," commented Coach Rollman. "They helped to keep the students active and physically fit," he added. The work of the students and teachers helped to improve the students of the school both physically and psychologically. The P. E. classes gave the students a setting in which they could improve themselves.

# Orchestra Lacks Permanent Practice Area

Two orchestra classes were offered at Chugiak this year, Concert Orchestra and Chamber Orchestra.

Under the guidance of second year instructor, Mrs. Beth Leffingwell, Concert Orchestra numbered fifteen. The members were classified as an advanced performing group. To audition, the students were required to perform a solo in front of the other members and the director. The Concert Orchestra entertained at concerts and worked individually with the teacher on theory and on improving their musical ability.

No audition was required for enrollment in the Chamber Orchestra. The four students in this orchestra worked on improving their awareness of keys and rhythms.

Chugiak High School sent seven solo artists and five ensembles to participate in the Solo Ensemble Festival in early February. They were judged on individual technique, tone, ability, and style. Several students received the highest possible score, a superior, on their performances.

"The class is a good one but I wish we had a permanent classroom rather than having to set up the stage everyday," concluded director, Mrs. Leffingwell.

# Music Program Acquires Greater Variety

The Chugaik High School band classes began the school year with a fresh start and a new teacher. Mr. Hal Nonneman brought back the famous sound of rhythm and blues in the popular Jazz Band. This band featured some of the best brass players from other performing bands.

Aside from the Jazz Band, Mr. Nonneman also instructed Symphonic and Concert Bands. Their rendition of the CHS fight song delighted the spectators at numerous sporting events. At halftime during the Homecoming football game, the combined bands marched out onto the field with enthusiastic flair and exhilarated the ecstatic crowds. "I was thrilled with the band's accomplishments in such a short period of time. I felt the music was rousing and enjoyable," commented Mr. Nonneman.

Also new to CHS was the popular Guitar Course. Offered third hour, this class provided instruction in music reading, chords, and fingerpicking techniques. "The class had variety to offer beginners as well as challenge to advanced students," stated junior Allen Greenland.

# Esquires, Chamber Choir Entertain Listeners

Performing several concerts for the school and community, *The Chugiak Esquires* and *The Chugiak Chamber Choir* were "the best in the state," according to Mrs. Shirley Letcher.

The Esquires worked all year earning money by selling candy, putting on a talent show, and sponsoring a dance. The money was used for their tour in March. They traveled to Fairbanks and North Pole, singing at the elementary and high schools there.

The Esquires year-long schedule also included performances at Nordstrom, The Westward Hilton, Swing Choir Festival, The Miss Chugiak Pageant, and The Norma Goodman Show.

The Chamber Choir presented the Eagle River/Chugiak area with several "excellent" performances. They also took their talented voices to the Westward Hilton and Nordstrom.

The Swing and Chamber Choirs combined at Mass Festival in executing a "superior performance."

Mrs. Letcher concluded, "Our Swing Choir is the best in the state. I hope to take them to a national competition."

# Choirs Travel, Build Up Singing Experience

*Chugiak's 1984 choirs were a success. They performed in such places as the Hilton, the Norma Goodman Show, Fairbanks, West High Auditorium, and various junior highs. They were so popular that some requests to have them perform had to be turned down. The year wasn't without snags, however.*

*Some problems occurred in trying to build the choir into a S.A.T.B. (soprano, alto, tenor, bass) as more male voices were needed. Overall, learning took precedence.*

*Choir students were taught skills in sight reading and ear training. The students were extremely responsive to learning these skills. They understood that in order to produce a good sound they had to master the necessary skills. "The students in all my choirs work well-even together," remarked choir instructor Shirley Letcher.*

*A new synthesizer was introduced to the classes. The synthesizer, called a Rolling 60, could make any sound. Some of the diverse sounds were winds, crashing seas, and electronic tones. It also imitated string, wind, and bass instruments.*

# ROTC Encourages Good Citizenship

*The Naval Junior Reserve Officers Training Corps enabled the students of Chugiak High to become better citizens and improve their leadership skills.*

*The cadets in ROTC worked many activities throughout the year. They initiated several fund raising projects including the vending of candy canes and jewelry, the sponsoring of dances, and car washing. ROTC cadets raised enough money from one car washing venture to send four senior members on a trip to Hawaii to view the naval facilities. "The cadets themselves ran the program this year," Commander Houk commented. "They planned and executed all of the NJROTC activities throughout the year."*

*The cadets also sponsored a social activity each month during the year. One month they sponsored a variety show for the senior citizens. They participated in several drill meets and organized the Junior Olympics for Gruening Junior High students. "ROTC worked to stress the importance of community responsibilities and good citizenship," Commander Houk concluded.*

# Career Center Promises A Better Future

Every day after first hour, students clamoured aboard the unpredictable Career Center bus to pursue possible future occupations. Their choices ranged from tourism to fire management. A wide variety of classes were offered and many skills needed to be mastered. The requirements varied from class to class. Sophomores, juniors, and seniors were accepted as long as they were passing their other classes.

Chugiak students were disadvantaged because of the double-shifting, which meant they could only attend the morning sessions.

The advantage of double-shifting allowed many students to take work experience because of the convenience of early dismissal. Double-shifting gave the students time to work and still left time for academic studies.

"Students taking 'On the Job Training' basically fell into four categories: one, office and business; two, food service; three, general construction; four, miscellaneous," stated Mr. Jim Rouse.

By increasing the student's knowledge in specialized fields Career Center and "On the Job Training" helped prepare pupils for employment during the summer and after high school graduation.

# Pegasus People Survive Controversial Year

"The most talented staff I've ever worked with," was how Ms. Anne Preslar described the "Pegasus People" of 1983-84. These students were enrolled in Newspaper as an English class and produced an issue of the Pegasus every three weeks. The paper was printed at no cost at the Career Center, enabling the Pegasus staff to end the year with an excess of \$1,000 in the treasury. A "tie-dye" party was held at Ms. Preslar's house in the spring to help celebrate a successful year.

The Pegasus staff had the unique experience of being written up twice in the Anchorage Daily News regarding a controversy over certain features found in the fifth issue of the paper. Despite the pressures created by the situation, morale remained high. "I think the experience brought us closer together and also gave us a lot to think about and learn from," stated Ms. Preslar.

The Pegasus People managed to produce an 8 or 10 page paper every issue, Ms. Preslar cited seniors Silke Tobey, Chris Woodley, Erik Roulson, and Dwyn Armstrong as outstanding writers, but added that "It's hard to name just a few." She also praised editor and business manager Julie Quam, photographers Bob Chadwick, Richard Hurlburt, and Bill Brion, and page editors Susan Lane, Kathy Kurtz, Tara Shapiro, Chris Woodley, Erik Roulson, and Laura McCubbin for the long hours spent in the Pub on deadline nights, thinking of headlines and listening to Pink Floyd.

## Rebuilt Staff Travels Beyond Expectations

*The Babiche Yearbook Staff strived to preserve the events of the year and condense them into one publication with the help of a new advisor, Ms. Robin Hill. When asked how she liked her first year as the yearbook supervisor, she replied, "It went well because of the excellent management of Editor Dennis Wheeler and other old hands. We needed them to train the many new and inexperienced people."*

*Members of the staff endeavored to produce a quality book while dealing with the problem of inexperience. "It took a long time to get off the ground because most people had to be shown what to do," stated Ads Manager Heather Gardner.*

*At the beginning of the year the yearbook staff had a weekend retreat which covered orientation for the new people on the staff and chose the theme of the book.*

*Yearbook gave the students of Chugiak High School not only a chance to learn skills in journalism, photography, and business, but also in the art of patience and flexibility. "Even though we had problems, we accomplished more than I thought we would. It was one of our better years," stated Editor Dennis Wheeler.*

# INDIVIDUALS

Standing alone or together each individual plays an important role in keeping this train functioning and moving in the right direction. There are several stops along the way throughout this educational journey, many new individuals join us and are welcomed aboard. Everyone's cooperative effort helps to keep the train rolling along and with this forward progress we discover new things about ourselves and others. These discoveries help us to understand who we are and where we are headed on these tracks.

# Class Of '87 "Very Positive As A Whole"

The Senior Class Of '87 started off the year by capturing second place in the Homecoming float competition, with the theme of "Jaws." "I think we did a really good job- especially considering this was our first year doing anything like this," said Class Vice-President Kari Morgan.

Elected the previous Spring, the class officers consisted of: President John Lewis, Vice-President Kari Morgan, Secretary Chad Clements, and Treasurer Bob Skala.

The class mainly concentrated on writing their constitution, money-making projects and getting organized for class competitions.

"The leadership was well-organized and the class as a whole was very positive. The students work very well together," commented class sponsor Mr. Steve Cline.

# Sophomore Class Moves Slowly Upwards

The class of 1986 had a mediocre year. "The class was spirited for those who participated but only a few people seemed to care or had enough time to spare," according to class president Julie Yeargon. Statistically, 345 people were enrolled in the 10th grade.

The class officers were President Julie Yeargon, Vice-president Greg Kimura, Secretary Tammy Evers and Treasurer Terry Kadel. The sophomore class sponsors were Mrs. Heitkamp and Mrs. Willis. "I enjoyed working with the officers," remarked Mrs. Heitkamp.

The main goals of the class officers and class sponsors were to have more class participation and also to earn money. Traditionally the junior class pays for the Senior Prom and extra money earned in 1984 would mean less financial strain in 1985. Class treasurer Terry Kadel stated that the class fell short of their economic goals.

The sophomore class float theme heralded, "The Eagle Has Landed," which earned 4th in competition. Their homecoming princess was Nikki Hinkle. They took third in the Canned Food Drive with a total of 296 cans. They also took third in the Christmas hall decoration competition. Mrs. Heitkamp summarized the year by saying, "The sophomore class has lacked in class participation but not in spirit. A small group cared and was willing to participate. They showed plenty of school spirit and carried the rest."

# Juniors Make Up Energetic, Caring Class

Aproximately 270 students combined to make up, "the most energetic and caring class in the school," stated Mrs. Sally Callaway, junior class sponsor.

The juniors were involved in virtually every sport and activity at Chugiak. They took a first place on their homecoming float which was entitled, "Where the Eagles May Dare." These "outstanding" students also placed first during the Halloween class competition that included a variety of strange and unusual events.

The class appeared accademically strong with four students reaching a 4.0 grade point average first quarter.

The officers of this "class with class" were, Chris Canterbury, President; Linda Bennett, Vice President; Beth Chapman, Secretary; and Margaret Williams as Treasurer.

Other authoritative positions included, as Prom Chairperson, Kim Breese and Shane Ryan who "did an excellent job as Canned Food Drive Chairman."

"The class of 1985 is very trustworthy and, as a whole, is the best class in the school," concluded Mrs. Callaway.

# SPORTS

*Just as a train struggles forward we must also strive to achieve our personal goals. Reaching that ultimate goal to become number one is what gives us the drive to put forth our greatest effort. Just like "The Little Engine that Could", we must always keep trying and never give up. The tracks to success; that number one position always seem to be uphill, but these goals can be reached if we continue to try.*

# Boys X-Country Team Had Winning Attitude

The Chugiak Boys' Cross-Country Running Team started their season August 15, with twenty runners. Seven runners competed on the Varsity team, seven ran on Junior Varsity, and six made the Open Class, which is the equivalent of a C team.

"The boys had a great winning attitude," stated Coach Ray Reekie. The team standings proved best ever. Chugiak won five out of seven meets and took fourth in Regions.

"Jim Daniel, Tom Rollman, and Randy Bowker were the most dependable runners," added Coach Reekie. Due to a foot injury received while competing in Region IV action, junior Tom Rollman, who placed eighth, was not able to represent Chugiak at the State Championship Meet. Freshman Randy Bowker took eleventh in Regions and missed going to State by one position. Other runners who placed well at Regions were Jason Madsen, Tim Dibble, Matt Daniel, and Emil Teague.

For the first time ever the Mustangs emerged victorious against Bartlett, Service, East, and West.

"The boys far surpassed my expectations for the season," said Coach Reekie. "I hope to have the majority of runners returning next year."

"Cohesiveness" and "preparedness" marked this year's Cross-Country Girls' Team. Coach Reekie added, "The runners had few personality conflicts and very competitive natures." The coach implied that a little coaxing was needed to get them started, but after the first couple of meets they performed their personal best at all times. The girls were, for the first time, competitive against other Region IV Teams.

Senior Kathy Kurtz captained the spirited team. "Kathy is tough and we are going to miss her next year," commented Coach Reekie.

The new freshmen runners, Rachel Roberts, Cindy Guenther, and Nancy Nyback, learned what it takes to train for varsity competition. They bettered their own times and wanted to compete. "The team had a good outlook," stated Coach Reekie.

"With the addition of many young team members and several returning runners we should have a great team next year," concluded Coach Reekie.

The Varsity Girls' Cross-Country Team was "The best ever", according to Coach Renee' Henry.

Girls' Cross-Country is scored contrary to other sports — the lower the score, the better the team. A score of 15 is considered a perfect score.

# Seven Chugiak Players Make All Conference

The 1983 Varsity Football Team tackled the year with determination. Their hopes of winning the CIFC championship fell short, however when they received second place. Nonetheless, the general feeling around school was that we had a fine football season with many thrills, including the awesome Homecoming Game.

Chugiak was well-represented at All Star Conference. Tom Huffer as tight end, kicker, and linebacker, received top honors as the only player in conference history to make three positions. Other players to make Conference included: 1st team running back Jeff Belmudes, 2nd team quarterback Billy Ray, 2nd team tackle Joe Henning, 2nd team defensive back Rodney Smith, and an honorable mention went to Jeff Wanamaker, defensive back.

At the football banquet certain players merited awards. Most valuable player went to Jeff Belmudes, and most improved to Tim McClung. The team voted Jeff Belmudes, Joe Henning, and Tom Huffer Jr. as team captains.

When asked to put the year in a quote, Coach Tom Huffer responded saying, "The coaching staff feels we had a successful season. We achieved what we felt at the beginning we could do. We're pleased and proud to have coached 1983 Varsity Football Team."

Assistant to Coach Huffer was Coach Pat Newton. "The team worked well together and as a result diligence and a quality performance was attained," concluded Coach Huffer.

**OPPOSITE PAGE TOP RIGHT:** Tim McDonald and Ron Heidemann joyfully congratulate each other after a successful play. **TOP LEFT:** Field General Billy Ray eyes his receivers, looking for an open man. **ABOVE RIGHT:** Carefully avoiding being tackled, Jim Kulaszewicz follows the play down-field. **RIGHT:** Quick evasive action and fancy footwork gets Tom Owens past another East defensive player.

\*We apologize, the C-team scores were not available to us.

Chugiak's Junior Varsity and C-team football commenced practice on August 13th with a large turnout of approximately 50 players. The players were divided into 2 base teams, with the more experienced players advancing to J.V. and the beginners placed on C-team.

The J.V. team set 2 goals in the beginning of the season. They were determined to produce winners for next year's Varsity team, and to be a great working unit. J.V. Coach Paul Brauneis felt that they accomplished their goals. With a record of 6-1, their performance was "excellent."

In the season's beginning, C-team Coach Ed Loescher described the team as a "group of eager individuals." As the season progressed they developed into a team whose members always pulled for each other. He also believed that they were by far the most improved C-team in the league.

Coach Brauneis felt that the team worked "... very well together. Their performance was superb, their spirits couldn't have been better, and they were hard-working." No individual awards were given on either team because every player was considered outstanding.

"This year's C-team football made the Chugiak history books in 3 ways. 1) They were the first C-team to ever make a touchdown; 2) They were the first to ever win a game; and 3) They were the first to have a winning season. "THEY ARE WINNERS!" stated Coach Loescher with pride. They had a record of 4 wins and 2 losses, and they placed second in the C-team division of conference play.

Both teams developed a sense of pride, individually and teamwise, due to their unusually high spirits.

# Variety Of Workouts Promotes Enthusiasm

The Mustang Boys' and Girls' Varsity Swimming Team kicked off the long season August 15, two weeks before their first meet, with strenuous workouts that alternated swimming, lifting weights, and running. "The team was really enthusiastic about the different workouts," stated Coach Kirk Fletcher who replaced five year Coach Robb Coady.

According to Coach Fletcher, the most valuable swimmers were Kevin Patton, Royston Baker, Travis Ryan, and Dennis Wheeler. The most valuable for girls were Janna Endell, Karin Rasmusson, Maggie Williams, and Sara Stahl. These hard-working individuals lead the boys' team to a second place victory and the girls to a respectable sixth place at Regions.

Seven boys and six girls qualified for State Championships. The boys were Eric Askerman, Royston Baker, Kevin Patton, John Stahl, C.B. Stewart, Dennis Wheeler, and Travis Ryan. The girls were Janna Endell, Tracy Eul, Sara Stahl, Karin Rasmusson, Nancy White, and Maggie Williams. These members traveled to Fairbanks November 18. The boys tied for fourth with Dimond and West Valley. The girls took the sixth position.

Randy Howard and Dan Kurtz advanced quickly enough to be named most improved on the team. The captains were Dennis Wheeler and Karin Rasmusson.

# Divers Excel With Confidence And Endurance

After a disappointing upset in their first meet, Chugiak divers put out more effort and looked on towards the rest of the season. Some of the individuals from the diving team spent a lot of extra time and energy working out and coming to the pool on their own time. Later, during the start of the competition, Chugiak divers excelled in form and concentration with tremendous help from Coach Jenny Dolan. Leaving the rest of their competitors behind, the diving team won the rest of the meets left in the season. When the end of the season came around Senior Kevin Osterhaus took 5th in the state tournament and was the only one there representing the Chugiak diving team. But according to Coach Dolan a few of the divers have a good chance at state next year if they work a little bit harder and put in more time. "Even though the diving team had just a few members, it was enjoyable and exciting," concluded Mrs. Dolan.

# Chugiak Gymnasts Place Fifth In State Meet

The 1984 Chugiak Gymnastics team exuded a spirit of pride in themselves. Their coach, Mrs. Pauline Souter exclaimed, "There are only 2 kinds of people . . . gymnasts, and those who wish they were!"

The team overcame the obstacle of not having professional trained gymnasts, and at one point they were tied for 4th place. They were listed in the newspapers as having the best class three gymnasts in the district. At the regional meet, they finished 5th, by a mere four-tenths of a point.

At the state meet, their seasons' high point, they also placed 5th out of 13 teams. Defeated only by West, Service, Dimond and East, they were pleased with themselves for winning out over the tougher competition from Bartlett and Fairbanks.

Their most outstanding victories, and by far their best meets, were the 2 wins over East.

Most improved gymnast was Susan Benner. She received a medal for outstanding work done on the balance beam. Most valuable player went to team captain Marci Colley. She was awarded for her all around gymnastic ability.

Although the 1984 Varsity Volleyball Team did not win as many games as hoped for, they improved dramatically in all areas. Their passing became coordinated, which led to a tighter defence. As the season progressed, the attitude of the girls improved as, "They really pulled together and started cheering each other on," stated Coach Dan Reed, who also stated, "Although the team was relatively inexperienced, I believe they played up to their capabilities."

Tryouts were held January 16 through the 18. Out of fourteen girls picked for the team four were returning lettermen-Maria Wienhold, Jane Penisten, Stephanie Wilson, and Linda Bennet.

Dan Reed, A Physical Ed. teacher at Homestead Elementary, spent his first winter in Alaska coaching the volleyball team. An avid sports fan, Mr. Reed plays recreational volleyball during his spare time, in Anchorage.

Captain Stephanie Wilson summarized the year with her comments. "... I saw we had a lot of skill but something was lacking. We finally got it together at the end of the season. We recalled our goal and gave number one West a scare, even though the final point was in their favor."

# Enthusiastic Teams Learn Skills For Future

Starting their 1984 Volleyball season, the Junior Varsity team had many positive attitudes which led them through an unfortunate and rough season. Helping with enthusiasm was Mikele Thomas, who was voted "Most Inspirational". Receiving awards for "Most Improved" were Sherry Silky and Lisa Bykonen. Earning the "Most Valuable Player" award was Jackie Lenhart. Bonnie Duran was the recipient of the newest award "Miss Twinkle Toes," due to her awesome spiking abilities.

The C-team at Chugiak was designed to be a learning experience, and the '84 team learned a lot. The team concentrated on working as a unit, a needed skill for the future. The team fulfilled their intention of helping each other improve their skills. They practiced the correct procedure for spiking, bumping, and serving. Conditioning was also emphasized by Coach Suzette Watkins. Although this year's team was a strong one, they did not have the season they were hoping for.

The 1984 boys' varsity basketball team had the most outstanding season in its history. Ending the season with a record of 24 wins, and only 7 losses, the team feels very confident about the future. Seniors Greg Ginsburg, Tom Cook, Eric Berson, Chris Murphy, and Kevin Hanebuth will be missed however. Our basketballers won the North Pole Tournament, their first in five years. "Working on their skills through the summer really helped, Coach Jim Taylor commented. He added that, "... the team worked together very unselfishly."

Leading pointwise was East transfer Vern Robateau, who alongside senior Greg Ginsburg, helped to lead the team on to many powerful wins, resulting in a second place position in Region IV finals.

"The key to most of the wins was that they really learned how to win. Losing the championship by just a few points, the team is confident about next year's chance at it again." Resolutely Coach Taylor admits, "We are losing a lot of excellent players." Optimistically, he believes in next year.

# Players Demonstrate Talent In Competition

With the new addition of Coach David Morse, the J.V. basketball team developed a keen thirst for competition. The team posted a record of 8-11, losing 8 games by 8 points or less. A four-game winning streak in mid-season was the brightest spot of the season as the team posted victories over Seward, East, Kenai, and Bartlett. The victory over East was the first in Chugiak's nineteen year history. "Our general strong point was the attitude that each player demonstrated, even in the most trying moments, and that our actions were a good reflection of the school and the basketball program," quoted Coach Morse. Coach Morse felt that the guys put forth their best effort, and that as they continue to believe in their own abilities, they will continue to improve both as individuals and as team players.

C-Team Coach Jim Sampson and his team of 11 players dominated the last 4 of the 5 games, and finished up the season with a 9-8 record. Coach Sampson was pleased with the strength and depth exhibited by team members. "I was really pleased with everyone's performance both in practices and the games," quoted Coach Sampson.

# Positive Mental Attitude Captures State

This year's girls' basketball team had an absolutely incredible season, winning the state championship with a record of twenty-five wins and only four losses. When asked about the season, Coach Pat Newton replied, "The girls not only worked hard, but they made the season fun too".

"I think that the girls coming back next year will be very skilled. They know now what it takes to win. They have to work hard", said Coach Newton. Although assured of having an excellent team next year, the team will feel the loss of seniors, Teresa Fletcher, Angie Harris, and Sonya Welch.

Coach Newton emphasized the fact that the team had "... no valuable player. The entire team worked together. The seniors had a lot of pressure on them."

The team came out of the state tournament with no losses, and then went on to win the state championship game over Juneau-Douglas. The 1983-84 team was the first in our school's history to accomplish that.

Senior Angie Harris was the high scorer for the team averaging 15.8 points a game. Another senior, Sonya Welch, was the leading rebounder for the team. Her average per game was 14. Teresa Fletcher was another high scorer for the Mustangs, with an average of 11.6 points per game.

The slogan that the girls popularised, P.M.A. was brought to the team from a summer camp many of the girls attended. "Positive Mental Attitude, really helped the girls in some tough situations", said Coach Newton, this year's recipient of the Coach of the Year award.

# Girls Strive For Excellence With Enthusiasm

C-team and Junior Varsity Girls Basketball slipped in to a regimen of practice on October 10. The two squads practiced together most of the time because the teams were small. "The players worked well together, as we had to mix up the squads for scrimmages," stated Coach Judy Newton.

New energy was breathed into their season with belief in P.M.A. (positive mental attitude). Enthusiasm from the Varsity team spread throughout the J.V. and C-teams.

Noting that goals are essential to progress, the girls set more individual than team goals. However, the group decided to work together as a team and to help each other out.

The Junior Varsity squad finished the season with a record of 3 wins and 5 losses. The C-team finished the season with a record of 5 wins and 10 losses. As the season ended, it was decided not to vote for individual player awards. The banquet acknowledged that the team worked cohesively.

Although 35 people started, only 13 finished the Rifle Team season which began on October 10. Chugiak High School completed the year with 1 win and 8 losses. Air rifles instead of .22's were used throughout the Anchorage School District for the second year in a row.

The season got off to a good start but the shooters were unable to keep up the pace. Goals of improvement of self worth and betterment of personal achievement were set but slackened. One of the reasons that Chugiak took back seat this year was undoubtedly due to our double shifting. Some of the seniors that were expected to return this year didn't because of afternoon job opportunities.

The determining factor for selecting the District Champions this year was done on a point system. Each school fielded 3 teams at each match; and "A" team, "B" team, and "C" team. An A team win was worth 4 points, a B team 2 points, and C team win 1 point. The system will be refined at this year's coaches meeting.

At the end of the season banquet, awards were given to Mark Barrick and Tina Merrill for Most Improved.

# X-C Skiers Give It Their Best In State

The Mustang X-Country ski team added the expertise of Coach Alan Gnad and continued with the experience of veteran Coach Mac Owen to produce the best season in the history of Chugiak High School.

The Chugiak Boys skiers claimed second in state and took the silver. The Chugiak Girls skiers took eighth in state ahead of four other schools.

"The girls did extremely well considering how far back they were at the beginning of the season" quoted Coach Owen. For the Chugiak Girls, Rhonda Roberts turned in the top time for individual events followed by Kathy Kurtz, Cindy Guenther, Nancy Nyback and Wendy Dyson.

Meanwhile consistent skiing by Doug Wester and Shane Ryan settled them into second and fourth in state overall. Finishing in the top twenty were Matt Daniel (13th) and Hank Haertel (18th) and kicker Lee Barber held back two West Valley skiers and one from Bartlett to help with the team victory.

Seventeen skiers turned out at the beginning of the season and the team closed the season with sixteen skiers. Most of the skiers were "pretty new at skiing" quoted Coach Gnad. "One boy and one girl were seniors, the rest are likely to come back next year," quoted Coach Gnad.

Coach Gnad and Coach Owen both believe Chugiak skiers could be on top next year and "nothing succeeds like success."

# C.H.S. Hockey Improves Season Record

Expecting a better season, Chugiak hockey players started the year with some rookie teammates. The new members had good potential and seemed eager to play. But as the season began, the team was lacking the spirit and teamwork they needed for scoring goals. Coach Paul Brauneis commented that he felt the team's performance was well below average this year, lacking the dedication from the more senior athletes. Without a Junior Varsity team, many young players had to play Varsity without having the ice time or experience they needed. As the season progressed, they lost interest in the game itself. The season was far too advanced to get their motivation back. Coach Brauneis promised that there was going to be a definite change in the team's attitude next year and said the team was going to have to work a lot harder in order for the hockey program to be successful. In conclusion, Coach Brauneis stated that commitment was going to be the key word next year.

# Wrestling Shows Team Dominance In State

"Although the season was very successful, the team under went adversity, sickness, and eligibility problems," stated head coach Steve Novelli. Double-shifting made it very difficult. Matches that were back to back meant little sleep for the wrestlers, and that they could not perform to the best of their ability. The Team started out with about 40 wrestlers and ended up with 20. Academic grades hurt the team. There were some good wrestlers that were not able to come out because of the new grading policy.

The manager Gloria Holthaus, who had been with the team for four years, graduated this year.

The team set a goal of remaining undefeated for the season. They were also trying to take regions and State from Service but were unsuccessful. They finished the season with a record of 23-3. They were 2nd in Regions and 3rd in State. 10 out of 16 wrestlers placed in regions, and Chugiak had 4 out of 10 place in State: Tom Wilson took 4th, and John Armstrong took 3rd. We emerged with two State Champions, James Jinks and Tom Huffer. Senior James Jinks was one of two wrestlers with an undefeated season in the state.

At the end of the season banquet, an award was given to sophomore Scott Kuerston for Most Improved. The Most Outstanding Wrestler Award went to James Jinks.

# JV Invitational Proves Chugiak's Best

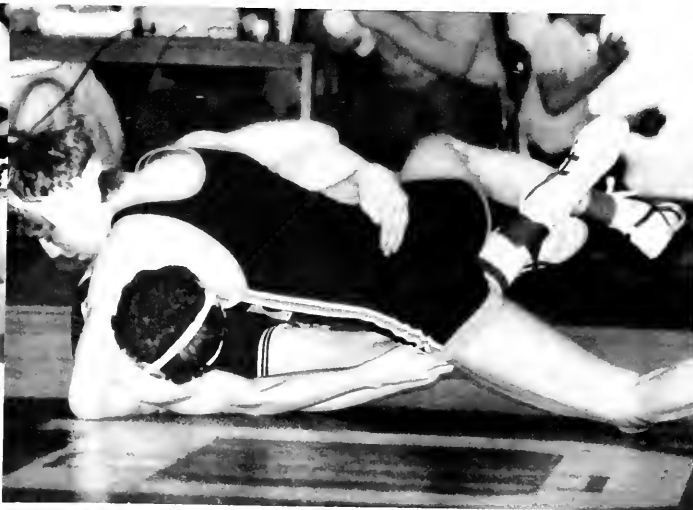

Starting the season with a big Junior Varsity win over Bartlett, Chugiak J.V. Wrestling Team was ready to take the gold. The coaching trio of Coach Steve Novelli, Coach Bill Watkins and Coach Mike Doody provided uncommon and unparalleled coaching in the Anchorage area. Coach Watkins stated "We built up the team motivation, and the interest of individuals, who really stuck with wrestling." The most memorable part of the season was the J.V. Invitational Tournament held at Dimond High School. Chugiak entered eight J.V. wrestlers and seven of them took places. Taking 1st were Wade Kerbow (138) and Kevin Twing (167); taking second places were Andy Ruffing (145) and Mark Lemery (177). Coach Watkins and Coach Doody were both pleased with the team's individual attitudes and dedication. Towards the end of the season the J.V. team was short five J.V. wrestlers for a full team, which caused a few losses.

Coach Watkins and Coach Doody both stressed that in order to have a good team in the future there were going to have to be more Junior High wrestlers trying out for the teams. Also Coach Watkins and Coach Doody are going to start wrestling sessions after school so future wrestlers can wrestle all year round.

"Good J.V. wrestling technicians and a lot of people returning is what Chugiak future wrestling teams are developing." Stated Coach Watkins

# Critical Turning Point For Chugiak Tennis

Beginning on March 19th the elected team captains, Jeff Bowker, Jennifer Kisse, and Greg Ginsburg lead Chugiak's tennis team through a season full of excitement for the young team.

A moment to remember was the outstanding defeat of east and Bartlett in consecutive matches. Outstanding players were Jennifer Kisse, Greg Ginsburg and Sherri Fuller. All of which won various awards at the banquet held on May 21. Teammates worked on improving individual skills. "I believe this is a crucial point in Chugiak Tennis, this was a pleasing year to Coach Morse and me." Head coach Sirifchuck stated. With the help of the Tennis Club the Tennis Team had a prince tennis ball machine to work with.

Senior captains Greg Ginsburg, and Jennifer Kisse demonstrated skills and ability to work as a team in the mixed doubles competition at state level, climbing all the way to the final rounds, they became second in the state.

# Team Improves With Positive Mental Attitude

Using the P.M.A. (Positive Mental Attitude) concept the Chugiak Girls Tennis Team worked diligently to improve their game as individuals. They strived to advance as a team. The team consisted of seven varsity girls coached by Mike Sirofchuck and eight junior varsity girls coached by David Morse. The season lasted from March 19 to May 19, and proved to be one of the best seasons the Chugiak Girls Tennis Team has ever had.

Chugiak mixed doubles team Co-Captains, Jennifer Kisse and Greg Ginsburg were both voted Most Valuable Players at the Tennis Awards Banquet, May 20th. Most Improved Player was Sherry Fuller with Corinne Kisse scoring the most points for the team.

The State runners-up were Jennifer Kisse and Greg Ginsburg in mixed doubles. According to coach Sirofchuck "All of the girls did great in the finals."

Coach Mike Sirofchuck was able to accomplish all of the goals he set for the team in 1984. His goals for the season consisted of winning more than two matches and scoring more than three points at state. "As a group, we have the strongest girls' team since I've been here." quoted the proud coach.

# Track Team Encourages Individual Progress

The 1984 track team strived to produce effective athletes to represent the school. "I want to get as many Chugiak team members to the state competition as possible," commented Coach Tom Hasbrouk. "I think we have some great people and will do well," Coach Renee Henry added.

The Chugiak track team found many obstacles standing in the way of this goal, however. "The double shift presented many problems to the team," Coach Hasbrouk stated. "It cut the number of people available for participation in half due to transportation problems and the long hours after school. We also had a hard time finding a place to practice," he continued.

The track team provided a rare opportunity for self-improvement and personal success to the individuals who participated. "Track is a very individualistic sport," Coach Henry stated. "The participants have to work hard and achieve by themselves. Track gives a good view of individual progress."

# Track Stars Shine On Despite Low Turnout

Girls track practice began March 12 with 16 girls participating. With high spirits and much enthusiasm the team strived for overall individual improvement. The low turnout for participation was attributed to the double shifting. Practices were held every day after school between 12:30 and 2:30 for distance runners and between 4 and 6 o'clock for all other events.

The teams best events and athletes included Darlene Thomson in hurdles, Jamie Young for high jump and Rhoda Roberts, Cindy Guenther, Nancy Nyback and Lisa Lorenz as distance runners. Jamie Young competed in the high jump and Tammy Evers ran the 400 meter race in the statewide meet. Team spirit and cooperation came in first place everywhere.

In conclusion, Coach Renee Henry stated, "With a small team, each girl is in 2 or 3 events, but each girl has done a fine job."

The 1984 Varsity Soccer season began April 9, with a total of fourteen boys, eleven of which were returning lettermen. The seniors were Dennis Wheeler, Jon Dietrich, Alan Cowart, David Welch, and goalie Clint Rodgers. Moving up from J.V. were Mike Jenkins and Robert McNaughton.

Coach Larry Henry's predictions for the season were very tough games, and possibly another championship. Losing center halfback Eddie Blauhous to a leg injury in the first game against West put extra pressure on the team. Blauhous was out for the remainder of the season. According to Coach Henry, West was obviously the team to beat but they were beatable. Chugiak's team had the best season standings ever, ending the season's regular play in second place with a six wins, two ties, two losses. Both losses were to West.

"Some improvements over last year were better ball handling skills and control," stated Coach Henry. "We still need to work on teamwork and unity though," added the coach.

In the Region IV Tournament, the Mustangs, after a first round bye, beat Service in sudden death overtime, to advance to the final against West. Chugiak, with goals by Donnie Richardson and Rodney Norton, won their second Championship in a row by defeating West 2-1.

# Strong Defense And Attitude Bring Success

Starting the season with only two returning players, Coach Mike Tracey and his young Mustang soccer team thought that this year would be a "Building Year". As the season progressed farther and farther, the team went beyond his predictions, beating opponents by scores of 7-0 and 4-2.

Strong team defense and good team attitude was the Mustangs strong point. The team's most memorable part of the season was when the J.V. soccer team recorded their first victory over East by a score of 7-0. They've produced a record of 5-2 with three games remaining in the season. Two players really excelled for Coach Tracey. Wes Ripper and Rodney Norton, who had never played soccer before, turned out to be "fine players" quoted Coach Tracey.

Many of the J.V. players also saw varsity action due to the high level of skill each individual had. Robert McNaughten, moved up to varsity half way through the season and even scored points for the Mustang Varsity Team.

Coach Tracey also quoted that "This has been one of my best teams, and Chugiak has good hopes for a future teams".

# Team Works For Quickness On The Field

Chugiaks' 1984 Varsity Girls Soccer kicked off their season on April 9th with a team consisting of 13 players.

In the beginning, Coach Bill O'Thuse predicted an "excellent" season, although improvement was needed in the ability to pass with quickness and agility.

The team captain, chosen at the start of the season was Theresa Fletcher. There wasn't a permanent co-captain, and various team members alternated in the position.

Throughout the season, leading scorers were Sharen Richardson and Lisa Bykonen.

Although they didn't end up with the best overall record, the team worked well together. Coach O'Thuse thought that, in that respect, they were the "best ever."

Going into regionals, the team had second place. Their record being 4 wins, 2 ties, and 4 losses. In tournament the Mustangs lost to Dimond, placing them 3rd in the Championships for 1984.

"The girls were the most high-spirited I've ever seen. They were a great group," declared J.V. Coach Mike Shultz.

The Junior Varsity Girls Soccer started April 9. There were 15 girls that participated in the season.

Their goals were to have fun and teach basic skills so that the junior varsity could enhance the fine Varsity program. The team captains were Sharon Wood and Carol Hooper. Awards were given to Theresa Lynch and Rachel Robert for Most Improved. Kirstie Haertel for Most Outstanding, Kirstie was the goalie for the team and had 4 shut outs in a row. Carol Hooper got Most Inspirational player.

There are 7 varsity players leaving. The J.V. hope to have a good season so that they advance to varsity the following year.

"The team consisted of mostly beginners but as the season progressed so did our skills, one of the 'squaks' biggest advantages over the other teams in the district was our positively wild and crazy attitude," stated captain Carol Hooper and goalie Kirstie Haertel. They ended the season with a record of 5 wins and 1 loss.

(LEFT): With stylish form, Becky Richardson throws the ball in bounds. (ABOVE): After playing vigorously, Sharon Wood gargles water to quench her thirst. (TOP): Comforting player Rachel Roberts is Coach Mike Shultz while manager Rob Wickstrom expresses concern.

*It has often been said a middle child is the troublesome child who struggles for identity, lost between a powerful older sibling and the enviable baby of the family. The middle child is often unruly or rebellious.*

*Looking back over your last eighteen years as our middle child; you were the easiest one to enjoy.*

*As a baby you were always smiling, even when hungry. A wet diaper dampened your bottom, not your spirits.*

*As a toddler, you were constantly into everything imaginable, but you were still smiling after a spanking.*

*As an elementary student you were usually the fastest learner in class, you were the student who kept the teachers alert.*

*In high school you became a doer, an organizer, a leader. You kept smiling while facing dissappointments.*

*We admire your resourcefulness, flexibility kindness, and intelligence. How lucky we are that you are our son.*

*As you continue away from us, may you find all doors easily opened, you are much deserving of life's riches.*

*You have brightened our lives and made us happy. We love you; we will miss you. You are truly our "Sunshine Child".*

*Love Mom and Jim*

*To My Dearest Brother Dennis Wheeler:*

*Do you remember when we would play catch and you would throw the ball just right-so when I ran to catch it, I would end up hitting myself in the face?*

*Do you remember when you were imitiating and you bit me while trying to carry me off?*

*Do you remember when you would come home from school, pick me up, and bounce me off the wall?*

*Do you remember when we would play soccer and as you went to kick the ball, you somehow missed and kicked me instead?*

*But, most of all, do you remember the times I've cried and you cheered me up and made me laugh? I do. You've always been there for me, you've helped me to grow, but most of all you've helped me to deal with different kinds of pain, and I love you!*

# Greuning Awards Ceremony Full Of Firsts

On May 16th the 13th annual Gruening Award was presented to a senior boy, senior girl and a member of the community. This person was previously unrecognized for his/her involvements, participation and unselfish commitment to Chugiak High School and the community.

This year the process of selecting and presenting the Gruening Award was passed from the Babiche Yearbook Staff to the Student Faculty Congress and a new tradition of having a Chugiak High alumnae as a guest speaker was started. Sam Cotten, the first President of the Student Council and past member of the Alaska Legislature, presented the awards.

To receive the award, the candidate must be nominated. The nominator speaks about the person and tells why he/she feels they are the best candidate. Whereupon a panel, consisting of 8 students and 8 adults, vote.

**ABOVE:** Shonda Harris displays one of her many talents that earned her nomination. **TOP RIGHT:** Symbolizing service to school and community, this Gruening Award awaits its deserving recipient. **RIGHT:** Gloria Holthaus proudly holds her "trophy" for her hard work.

# End Of The Line On The CHS Express

The Commencement Ceremonies for the Senior Class of 1984 were held on May 24 at 8:00 p.m. in the senior high gymnasium. Chugiak High School sent off the largest senior class in its history with 240 graduating, 2 with honors. The Senior Class was escorted into the gym by the Junior Honor Guard of Kim Breese, Eddie Blahous, Beth Chapman, Chris Canterbury, Bonnie Duran, Dale Donadio, Tina Kostlin, Steve Dunn, Laura McCubbin, Tom Huffer, Sharen Richardson, Bobby Kelly, Sherri Swanson and Jeff Wanamaker.

After the invocation by Valedictorian Kyla Kent, sponsors Mr. William O'Thuse and Mr. Terry Jorgensen gave their goodbyes to the nervous seniors. The senior ensemble then sang "The Best in You and Me" and "The Way Old Friends Do" in tribute to the class of '84. Class speakers: Dennis Wheeler, Karin Rasmusson, and Thomas Cook talked of their days in school, the progress of the class as a whole, and the optimistic future that graduation presented the seniors. The Keynote Speaker, Representative Randy Phillips, spoke of growth and prosperity and the contribution each graduate could make to the community.

Mr. Jim Robinson of the School Board and Mr. William Tanner, Director of Facilities, accepted the class. The senior class slowly progressed across the stage, shaking hands with Principal William Kuhman and grasped their hard-earned diplomas. After Benediction given by Jeff Bowker, the new graduates threw their caps in jubilation. A reception in the cafeteria gave the graduates a chance to hug and kiss friends and relatives in celebration.

**OPPOSITE PAGE: LEFT:** The invocation prayer was given by Valedictorian Kyla Kent. **TOP:** Brief flickers of humor flashed across the countenances of Mr. Guy Ficher and Mr. Bill Kuhlman during the graduation ceremony. **RIGHT:** A beam on his face tells all as Rick Allen leaves the stage with his diploma. **THIS PAGE: TOP LEFT:** Looking on with expectation, John Barrick awaits his roll call silently. **TOP RIGHT:** Disorganization was the theme of Class President Karin Rasmusson's speech. **ABOVE:** Walking proudly to the stage, Richard Ryan knows that four hard years of school have brought him to this moment. **LEFT:** Before giving the Benediction, Jeff Bowker listens to the class speakers.

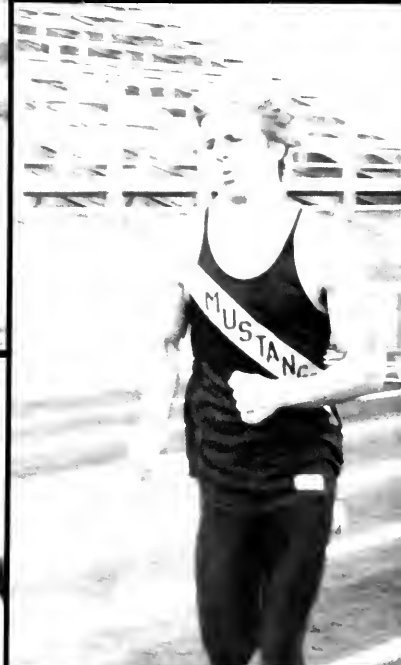

**ABOVE:** Singing to the crowd, Keith Harjehausen expressed his goodbye to the graduates through the words of the music. **TOP LEFT:** Girls of the A section read over their programs as the ceremony progressed. **TOP RIGHT:** Expressing his feelings about graduates, Mr. Terry Jorgensen glanced down at his notes to regain his train of thought. **RIGHT:** Enticing a bit of laughter from the crowd, Dennis Wheeler talked about the lighter side of his high school years.

**LEFT:** David Dunn gladly accepted his diploma from Principal Bill Kulhman. **BELOW:** Keynote speaker Representative Randy Phillips addressed the graduates on the virtues of education. **BOTTOM:** The Senior Ensemble stood ready to perform as they awaited the signal from Director Mrs. Shirley Letcher.

*To the following we would like to extend our sincere appreciation:*

*MR. BILL KUHLMAN: For being good to us and extremely receptive to our needs.*

*MR. GUY FISHER: For keeping us functioning and forcing us out of the red.*

*BABICHE PARENTS: For supporting our late night deadlines and feeding us.*

*MR. J.V. BROWN: For his quiet guidance and infinite patience.*

*JON DIETRICH and JIM DANIEL: For superior artwork and resistance to nagging.*

*LYDIA A. EASTBURN M.D.: For the incalculable time she provided on her office computer.*

*MRS. SANDY COLE: For the encouragement and assistance she gave to our business staff.*

*MR. TOM CRESAP: For sharing . . . and sharing . . . and sharing . . .!*

*MRS. JUDY McNALL and MRS. ROBIN ARMSTRONG: For their much needed support and advice.*

*MRS. MARCI CRESAP: For handling our books with accuracy and timeliness.*

*MRS. LINDA POMEROY: For giving us supplies when we needed them most.*

*MRS. JAN STUART: For being alert to our needs and especially our mail.*

*MRS. ANNE PRESLAR: For sharing her budget, her time and all the mess.*

*BRIAN COLE: For lending us his skills in the business area.*

*GWEN LOFLIN: For sharing her knowledge and typing at deadlines.*

*JOSTENS AMERICAN YEARBOOK COMPANY: For printing our book with care and concern.*

*REM PAK: For their able assistance with photos and die cutters.*

*STEWARTS CAMERA: For meeting our photographic needs.*

*SANDYS PHOTO: For prompt and dependable service.*

*MS. ROBIN HILL: For her patience, care, assistance, and the use of her house.*

*You kept this train rolling, you kept it on the track, we would like to say thank you and give you a pat on the back.*

*With so many people to give our thanks to, we don't want you thinking we forgot about you.*

*So here's to each of you for providing the steam, and helping us out in fulfilling our dream.*

*The school year, like a train ride, must also come to an end. All of the knowledge and memories are packed up and we depart with a new outlook on life and ourselves. Throughout the year we have gained this new outlook with the use of books and a carefully planned schedule. By using the knowledge that we have gained along the way, we continue to stay "On the Right Track."*
